

INTRA ACP - PACIFIC AGRICULTURAL POLICY PROJECT STEERING COMMITTEE WORKSHOP

PAPP Snapshot on Statistics

Anna Fink

Agricultural Statistician

29 JUNE - 1 JULY • 2015 • SOFITEL RESORT • NADI • FIJI

Objective

Provide a **snapshot** of the **status** of agricultural statistics in the region and **PAPP's role** in supporting improvements:

What is the current situation?

What are we doing?

Where can you go for more information?

What is the current situation?

- Gap analysis key messages:
 - Lots of data! But hard to access...
 - Biggest gaps- crop production & yields, service providers
 - Situation is improving every day

What are 'we' doing?

- **GIS:** mapping for disaster preparedness (Ha of crops) + land use and crop suitability
- **National surveys:** HIES, Population,
- **Strategies:** Regional strategy on agricultural statistics
- **Access:** Websites, Pacific Data Catalogue, National Minimum Development Indicators

Nauru 2012/2013 HIES Agriculture

Executive Summary

2%

of the labour force
engage in agriculture
as their main
economic activity

10%

of the labour force
engage in agriculture
as their main or
secondary activity

33%

of households
engage in
horticulture or
livestock raising

4%

of household
income comes from
agriculture, livestock
or hunting activities

Introduction

This factsheet provides a summary of information addressing the agriculture sector which was collected from the 2012/2013 Nauru Household Income and Expenditure Survey (HIES). A range of information will be provided through this factsheet looking at the participation of workers and households in

Labour and household participation in agricultural activities

What are 'we' doing?

- **GIS:** mapping for disaster preparedness (Ha of crops) + land use and crop suitability
- **National surveys:** HIES, Population,
- **Strategies:** Regional strategy on agricultural statistics
- **Access:** Websites, Pacific Data Catalogue, National Minimum Development Indicators
